2011 Series Workbench

11" Height Adjustable

72" x 30" - 1-3/4" Plastic Laminate Top

Bench Top

1 3/4" Thick Plastic Laminate
Constructed with (2) 3/4" layers of 45# partical board that are laminated together, this table has exceptional support. All 1 3/4" thick tops have laminated sides and square corners (unless custom). We use our standard plastic laminate on the top and sides and seal the bottom to keep out moisture.
The standard colors available are white and gray, other colors are available for an up-charge. Please call us interested in other laminate colors.

Description

2011 Series Adjustable Height Workbench
This ergonomic leg design sets the front leg upright further back to create more leg room. The 2011 series has the same features as the 2000 Series with the addition of 11 inches of manual height adjustability (adjustment in 1" increments). Leg leveling glides are included on all of our ergonomic desk legs. Custom computer desks and tables can be configured with this style frame with the capability of being able to bolt any of the accessories we offer to this unit at any time.
