

# Steel Assembly Bins

## Assembly Bins & Hoppers

### Steel Colors:

All steel colors are painted using a baked enamel for a high-gloss finish with custom colors available for an added fee.

Gray

Blue

Beige

Black

Green

NOTE: Actual colors may be slightly different than what you see above due to different screen settings.

### Description

Steel Assembly bins that are the same size will stack on top of each other and when placed next to each other they create a comfortable semi-circle pattern that is great for all assembly applications. Hoppers can always be added to stack on top of the bin to create additional storage capacity.

### Specifications

Part Number	2-A12
Size	12" l x 6 1/2" w x 4" h
Steel Specs	20 Gauge
Construction	Spot Welded
Capacity	25.00 lbs.
Ship Weight	4.00 lbs.
