

# Tool Tracks & Trolleys

## Tool Tracks & Acc's

### Description

The track runs the full length of the workstation and includes the trolley, and stops for the trolley on each end of the rail. When a workstation is ordered with a tool track from the factory we will extend the end of the cantilevered structure arms so the track can be positioned over more work surface area, and a light fixture can also be added.

- The Tool Balancer shown is an optional Tool Track Accessory
