Green

NOTE: Actual colors may be slightly different than what you see above due to different screen settings.

Description

This delux enclosed computer cabinet is ideal when trying to protect a computer from the every day dirt and dust. The cabinet is fully enclosed and has a plexi-glass front door for easy viewing of monitor. The standard pull-out keyboard tray, and a pull-out bottom CPU tray is standard on all enclosed carts. The bottom cabinet also has a door on the front and rear for easy maintenance, and has cooling fans to exhaust the warm air generated by the CPU.
