

# 1005 Series Work Bench

## 5" Adjustable Height

## 72" x 30" - 1 3/4 Bullnose Front Laminate

### Bench Top

#### Bullnose 1 3/4" Thick Plastic Laminate

This worksurface is constructed with (2) 3/4" particle board cores that are laminated together. The front is the routed and a special layer of laminated is heated and then wrapped 180° around the front edge. All other sides are laminated to keep out moisture.

### Description

This work table is fully arc welded, and constructed with 2" x 2" 16 gauge box tube adjustable height leg members that are joined together with 16 gauge formed steel aprons. All box tube workbenches have a welded footrest which also helps reinforce the table frame. All accessories from drawers to overhead structures and accessories will be able to bolt onto any of these workbenches. All the full welded frames ship fully assembled.
