

1050 Series Workbench

Ergo-Tube (knock down)

72" x 30" - 1 3/4" Bullnose Front Laminate

Bench Top

Bullnose 1 3/4" Thick Plastic Laminate

This worksurface is constructed with (2) 3/4" partical board cores that are laminated together. The front is the routed and a special layer of laminated is heated and than wraped 180° around the front edge. All other sides are laminated to keep out moisture.

Description

The 1050 Series Ergo-Tube workbench is manufactured using (2) fully arc welded 16 gauge 2" x 2" box tube legs that are joined together with a bolted stringer. All knocked down tubular workbenches include leveling glides and offer the same capacities as our full welded versions.
