

# 4000 Series Workbench

## Hand Crank 12" Adj.

## 72" x 30" - 1 3/4 Bullnose Front Laminate

### Bench Top

#### Bullnose 1 3/4" Thick Plastic Laminate

This worksurface is constructed with (2) 3/4" particle board cores that are laminated together. The front is the routed and a special layer of laminated is heated and than wrapped 180° around the front edge. All other sides are laminated to keep out moisture.

### Description

#### 4000 Series Workbench (Hand Crank Adj.)

On-the-fly height adjustability is what the 4000 Series work table is built for. Incorporating a hydraulic lift system with electric or manual hand-crank operation into our standard 3500 Series workbench leg for 12 inches of effortless height adjustment, the 4000 is perfect for multi-user packing, shipping, or assembly application. This workbench base structure will allow the simple addition of any of the workbench accessories we offer.
