

2500 Series Electric Lift Mobile Workbench

12" Electric Adj. (Mbl.)

72" x 30" - 1 3/4" Maple Top

Bench Top

1 3/4" Thick Maple

This is the most popular hardwood surface we offer. All maple tops are made with strips of maple that are glued and then pressed together. This helps create a high capacity top with a nice appearance. All tops are sealed to protect against moisture and can be resurfaced and refinished at any time

Description

2500 Series Mobile Workbench

The 2500 Series mobile height adjustable work table takes height adjustability to a new level, with the addition of an electric hydraulic lift mechanism that offers 12 inches of stroke with the push of a button. The "H-Frame" base makes this workbench a solid structural table which is necessary for any mobile application.
