

3505 Series Workbench

5" Height Adjustable

72" x 30" - 1 3/4" Maple Top

Bench Top

1 3/4" Thick Maple

This is the most popular hardwood surface we offer. All maple tops are made with strips of maple that are glued and then pressed together. This helps create a high capacity top with a nice appearance. All tops are sealed to protect against moisture and can be resurfaced and refinished at any time

Description

3505 Series Workbench (5" Manual Adj.)

Built using the same hand-built construction as the 3500 Series worktable, the 3505 has the added benefit of 5 inches manual height adjustability. Using an external style leg cap and heavy-duty fasteners, the 3505 workbench is easily adjusted while retaining a weight capacity of 3500 pounds. This workbench base structure will allow the simple addition of any of the workbench accessories we offer.
