

1012 Series Mobile Work Bench

5" Height Adj. (Mobile)

72" x 30" - 1-3/4" Plastic Laminate Top

Bench Top

1 3/4" Thick Plastic Laminate

Constructed with (2) 3/4" layers of 45# partical board that are laminated together, this table has exceptional support. All 1 3/4" thick tops have laminated sides and square corners (unless custom). We use our standard plastic laminate on the top and sides and seal the bottom to keep out moisture.

The standard colors available are white and gray, other colors are available for an up-charge. Please call us interested in other laminate colors.

Description

This mobile workbench frame is fully arc welded, and constructed with 2" x 2" 16 gauge box tube adjustable height leg members that are joined together with 16 gauge formed steel aprons. All box tube workbenches have a welded footrest which also helps reinforce the table frame. All accessories from drawers to overhead structure and accessories will be able to bolt onto any of these workbenches. All the full welded frames ship fully assembled.
