

# 4000 Series Electric Lift Workbench

## 12" Electric Adjustable

## 72" x 30" - 1 3/4" Stainless Skin Top

### Bench Top

#### Hardboard with Stainless Skin

This style worksurface is easy to keep clean with a 20 gauge stainless steel 304-4P skin. We start with the standard 1 3/4" hardboard top and then adhere a the skin. The hardboard protects the surface from denting and also helps keep noises from resonating through the steel.

### Description

This adjustable workbench offers 12" of height adjustment with the push of a button. The unit has a 1000# capacity and will allow any of our workbench accessories or overhead structure items to added at any time. The standard workheight range is 28" - 40" and custom height ranges are always available.
